

Workshop: Guidelines for the verification of cross-sectoral renewable gas technologies

Agenda

Date: October 22nd, 2019

Venue: Design Offices Berlin Am Zirkus, Bertolt-Brecht-Platz 3, 10117 **Berlin**

Time: 10:00 AM – 4:00 PM

Introduction		
10:00 AM	Participant registration	
10:30 AM	Welcome and introduction	Matthias Edel dena
10:50 AM	Recast of Renewable Energy Directive (RED2): open issues	Attila Kovacs European Renewable Gas Registry (ERGAR)
Sustainability and Renewability Verification and Documentation		
11:10 AM	How to prove renewability of Power-to-Methane?	Max Peiffer AssmannPeiffer
11:30 AM	Verification and documentation of Liquefied Biogas (Bio-LNG)	Dr. Peter Hawighorst ISCC
11:50 AM	Recycled Carbon Fuels: Concepts, definitions and verification with regard to RED2	Christine Kliem Becker Büttner Held (BBH)
12:10 PM	Discussion: Open issues regarding verification and documentation	
12:45 PM	Lunch	

Cross-sectoral Documentation and Verification		
2:00 PM	Cross-sectoral documentation of renewable gases: experience from the German Biogasregister	Toni Reinholz dena
2:20 PM	Mass balancing, State Aid Guidelines and double counting: Experience from international biomethane transfers	Michael Landspersky TÜV Süd
2:40 PM	Austrian approach to the documentation of movement of renewable gases along the gas grid	Stefanie Königsberger AGCS
3:00 PM	Documentation of biomethane to Bio-LNG in Belgium	Dirk Focroul Fluxys
3:20 PM	Discussion: Mass balancing, State Aid Guidelines and double counting	
4:00 PM	End	

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 857796.
